RESOURCES FOR CHILD CARE

Whether you're planning for parenthood, or have small children or kids into their teens, our specialists can provide you with advice and information to make your life easier. We can help you find care and assess options, and can also send you planning materials, such as questions to ask when interviewing providers or information on state adoption laws and fees.

We help you with locating and assessing:

- Licensed Family Care Providers
- Child Care Centers
- Preschool Programs
- Special Needs Programs
- Adoption Agencies
- Summer Camps
- College Planning

AN EXPERIENCED CHILD/ELDER CARE SPECIALIST WILL:

- Offer you free telephone consultation
- Assess your dependant care needs, and research options accordingly
- Advise you on types of care
- Confirm openings at care centers
- Mail you customized referrals so you can plan for the care of your loved one
- Ask for your feedback on the resources provided

RESOURCES FOR ELDER CARE

An elder care specialist can help you appraise the needs of your parent or elderly relative. We then provide information to help you identify and evaluate available services. You can also receive advice on how to facilitate communication among family members so that the elder retains dignity and independence. Our specialists can even help you with long-distance care.

We help you with locating and assessing:

- Housing Options
- Health Care
- Transportation Services
- At-Home Care
- Respite Care
- Financial Planning
- Personal Safety

WHAT EMPLOYEES SAY ABOUT THIS BENEFIT:

This service saved an incredible amount of time and helped weed out providers who didn't meet my criteria.

This service eliminated a large amount of stress associated with finding child care.

I was given enough information to help me make informed decisions.

Sometimes we all need an advocate... Let us Advocate for you.
