

Collegiate Internship Program

Sponsored by the Prince George's County Planning Board

The Collegiate Internship Program provides paid job training in planning and urban development to qualified college students. Interns will be assigned to work with staff within the Prince George's County Planning Department at The Maryland-National Capital Park and Planning Commission.

DETAILS

- Paid summer internships (40 hours per week) run May 28th–August 16th, 2024
- Students must submit an online M-NCPPC application through NEOGOV with a college transcript and personal statement to be considered for employment.
- Applications accepted until all positions are filled.

PROGRAM BENEFITS

Participate in the program to:

- Experience realistic and practical work environment alongside experienced professionals
- Make meaningful contributions to the work program
- Network with staff and fellow interns
- Develop competencies
