SUBJECT: **Administrative Correction 2026-003 of the 2014 *Approved Eastover-Forest Heights-Glassmanor Sector Plan***

The purpose of this memorandum is to request approval to make an administrative correction to the 2014 *Approved Eastover-Forest Heights-Glassmanor Sector Plan*. Staff are requesting permission to make the following corrections:

1. Minor map corrections.

Pursuant to Sections 27-3305(a)(3) of the Prince George's County Zoning Ordinance, and authority granted from time to time by the County Council, the Planning Director may make administrative corrections to the Official Zoning Map and Comprehensive plans.

1. Minor Map Corrections (p. 35)

After publishing the approved plan, Community Planning staff identified the following error in the legend for Map 12, Trails and Sidewalks (p. 35). The symbology used on the map is misidentified in the associated legend for Proposed Sidewalks and Sector Boundary. Specifically, the symbology for Proposed Sidewalks, shown in the map as a thin purple line, is identified as the Sector Boundary in the legend; and the symbology for Sector Boundary, shown in the map as a thick red line, is identified as Proposed Sidewalks in the legend.

Further, the terms "*Proposed Sidewalk*" and "*Proposed Trails*" (emphasis added) in the legend are incorrect because the sector plan has been approved and any proposed improvements provided by the Planning Board in the adopted sector plan are now recommendations made by the District Council. Therefore, the term "Proposed" has been replaced with "Recommended" and the legend now states, "Recommended Sidewalks" and "Recommended Trails." Lastly, the term "tailhead" in the legend is a typo and has been changed to "trailhead."

Upon approval, the above edits, depicted in Attachment 1: Corrected Map 12 Trails and Sidewalks and Legend, will be applied to the online electronic version of the 2014 *Approved Eastover-Forest Heights-Glassmanor Sector Plan*.
